

St Peter's Collegians' Association

Thinking of Organising a Reunion or Get-Together?

The St Peter's Collegians' Association often receives enquires from our alumni wishing to organise a get-together of a particular year or special interest group.

For official SPCA events and reunions, the St Peter's Collegians' Association will provide support from beginning to end including communications, venue, ticketing, food and beverages, communications and promotion.

For other functions, Old Scholars must coordinate the planning of their own event, which may include forming an organising committee or appointing a convenor. ** Special attention should be paid to the SPCA Calendar of Events to ensure that the date of your proposed function does not clash with another event being held. **

For self-organised events, the alumni office can assist you in the following ways:

- Provide a list of graduate names from a specific year. Please note we can only provide lists of Old Scholars based on peer year, i.e. the year in which former students left/would have left if graduating from St Peter's College. If former classmates left school prior to their graduation year, you may need to prompt us to include them in the list.
- Post a notification of your function on the SPCA website with the relevant contact details of the event convenor;
- Promote your function via our social media pages;
- Share event photos (supplied by you) after the event.
- The alumni office is not responsible for communications, e.g. email and postal invitations for self-organised events.

For more information please contact the Alumni Office +61 8404 0526 or spca@stpeters.sa.edu.au
